

Schlage Mobile Video Solutions

Schlage Mobile Video Recording & Retrieval System

		Price Each
E-SMVM	Schlage Enterprise Mobile Video Manager - Vibration resistant DVR is designed for mobile transportation recording. Event driven recording with pre and post alarms. Simultaneously records 4 cameras, includes 4 inputs and 2 output relays. The DVR requires 10-40VDC and provides 12VDC/ .5A for camera power. Dimensions: 7.4"W x 6.2"D x 2.4"H. Cellular or wireless cards can be added for video transmission to a home base location (see accessories section).	\$2,520.00

Schlage Mobile Video Cameras

		Price Each
SVCAM-373	Mobile Digital Video Color Camera - Waterproof camera designed for mobile transportation vehicles. Includes a 3.6mm lens and IR LED illuminator. Requires 12VDC and is powered from the E-SMVM. Dimensions: 1.3"W x 2.3"L x 1.3"H	\$476.00
SA2D-04	Mobile Digital Video Color Camera - Vibration resistant camera designed for mobile transportation environments. Includes a 3.6mm lens. Requires 11-18VDC and is powered from the E-SMVM. Dimensions: 3.6"W x 5.2"L x 2.8"H	\$558.00
SA2D-06	Mobile Digital Video Color Camera - Vibration resistant camera designed for mobile transportation environments. Includes a 6.0mm lens. Requires 11-18VDC and is powered from the E-SMVM. Dimensions: 3.6"W x 5.2"L x 2.8"H	\$558.00
SA2D-08	Mobile Digital Video Color Camera - Vibration resistant camera designed for mobile transportation environments. Includes a 8.0mm lens. Requires 11-18VDC and is powered from the E-SMVM. Dimensions: 3.6"W x 5.2"L x 2.8"H	\$558.00
SA2D-04IR	Mobile Digital Video Color Camera - Vibration resistant camera designed for mobile transportation environments. Includes a 3.6mm lens and an infrared illuminator. Requires 11-18VDC and is powered from the E-SMVM. Dimensions: 3.6"W x 5.2"L x 2.8"H	\$980.00
SA2D-06IR	Mobile Digital Video Color Camera - Vibration resistant camera designed for mobile transportation environments. Includes a 6.0mm lens and an infrared illuminator. Requires 11-18VDC and is powered from the E-SMVM. Dimensions: 3.6"W x 5.2"L x 2.8"H	\$980.00
SA2D-08IR	Mobile Digital Video Color Camera - Vibration resistant camera designed for mobile transportation environments. Includes a 8.0mm lens and an infrared illuminator. Requires 11-18VDC and is powered from the E-SMVM. Dimensions: 3.6"W x 5.2"L x 2.8"H	\$980.00

Schlage Microphone

		Price Each
SEVMSMIC	Microphone - Microphone for two way audio. Input voltage: 12VDC, can be powered from the E-SMVM or separately requires 30mA. Audio connector is a 3.5mm RCA connector.	\$106.00

Access Point Equipment (Head End)

		Price Each
E-SMVM-API	Outdoor Access Point w/ Integrated Antenna Kit - Transmits WiFi signal to the E-SMVM. Includes an integrated patch antenna, 20' power injector cable, and a mounting kit. The access point in this kit is intended to be mounted outdoors facing the desired vehicle "park" location. The power injector (power supply) must be mounted indoors (20' cable supplied). Integrated antenna is directional (38°H by 36°V) and has a gain of 13 dBi. This access point kit is for simple installations with a small, fixed range.	\$2,504.00
E-SMVM-APE	Outdoor Access Point w/ External Antenna Kit - Transmits WiFi signal to the E-SMVM. Includes a 13" outdoor omni-directional antenna, 20' antenna cable, and a mounting kit. The access point in this kit is intended to be mounted indoors with the antenna mounted outdoors (20' cable supplied). The power injector (power supply) must be mounted indoors. Included Antenna is omni-directional (360°H by 36°V) and has a gain of 5.2 dBi. Use of the optional Lighting arrester is recommended (not included). This access point allows greater flexibility with antenna types and placement.	\$3,252.00
ACC245LA-R	Lightning Arrester - 2.4 / 5 GHz lightning arrester used between the Access Point and the antenna. Only to be used with E-SMVM-APE.	\$392.00

Schlage Mobile Video Solutions

E-SMVM Wireless Vehicle Kits

Price Each

E-SMVM-WM	Wireless Antenna Kit (Magnetic Mount) - Enables the E-SMVM to transmit via 802.11G WiFi to a head end location equipped with an access point. Includes a USB WiFi card, outdoor 3.3" omni antenna, and mounting hardware with a 17' cable. The antenna is mounted magnetically on the roof of the vehicle.	\$298.00
E-SMVM-WP	Wireless Antenna Kit (Permanent Mount) - Enables the E-SMVM to transmit via 802.11G WiFi to a head end location equipped with an access point. Includes a USB WiFi card, outdoor 3.3" omni antenna, and mounting hardware with a 14' cable. The antenna is mounted by either drilling a 3/4" hole into the chassis of the vehicle, or with an included bracket which clamps onto the vehicle's external mirror.	\$282.00

Demo Kit

Price Each

E-SMVM-DEMO	Wireless Demo Kit - The wireless card is factory installed in the E-SMVM unit. Includes one E-SMVM unit, one compact wireless router, and one SA2D-04 camera. The demo kit can only be used in office situation demonstrations, not to be used in a vehicle. The demo kit has distance limitations.	\$3,692.00
