

Extend the Life and Warranty of Electric Strikes with SMART Pac III™

The logo for Access Hardware Supply (AHS) features the letters 'AHS' in a bold, red, sans-serif font. The letters are set against a white background that is framed by a blue border with a slight 3D effect.

Yes, you read correctly . . . The SMART Pac III in-line power control from HES extends the life of electric strikes. It accepts a wide range of input voltage (from to 32 VAC or DC), and its continuous-duty timer reduces initial voltage by 25%, providing cooler, more efficient strike operation. Strikes are further protected by built-in surge protection and a resetting fuse.

And the best part . . . the SMART Pac III extends the warranties of ALL new HES or Folger Adam strikes, from 1 year to a full 3-5 year warranty term, depending on the component. To top it off, it can also be installed with Adams Rite electric strikes or electrified locks.

It's not just SMART, it's a no-brainer.

For more about the SMART Pac III by HES, contact Access Hardware Supply at 800.348.2263, or visit www.accesshardware.com today. Access Hardware Supply makes access control easy with top-notch customer service, proven product knowledge and field-experienced salespeople.
