Announcement

Norton Announces **NEW** 5900 X-in™ Operator Accessories

Norton Door Controls is pleased to announce two new accessories for the 5900 Series X-in™ Operator. The [catalog](#) has been updated and is available online.

5900RLM - Relay Logic Module

The Relay Logic Module contains 3 relays. This allows the operator to be used with external locking hardware (exits or locks) or access control that require dry contact inputs.

Benefits:

- User-friendly interface for easy access
- Advanced input power circuitry provides better protection

5900EXPKG - Executive Package

The Executive Package includes a 433 MHz digital receiver and transmitter for Executive Hold Open. This package allows the user to control the access and privacy to an office or area. Press the remote once and the door opens; press the remote again and the door closes.

Benefits:

- Easy to use
- Reliable and efficient operation
