## Announcement

### **Norton Announces Built-In Power Supply for LEO® Operators**

In an effort to better meet the needs of our customers, Norton Door Controls is pleased to announce an exciting addition to the 5700 Series Door Operators. Effective September 30, 2010, all LEO Operators will include a built-in power supply. This feature will allow for simple integration with most electric strikes, motion sensors and exit devices.

Power supply specifications:

- Rated at 1.1 amps
- 24VDC filtered and regulated voltage output
- UL listed

Pricing, part numbers and lead times are not affected by this change.

If you have any questions, please contact your local ASSA ABLOY Door Security Solutions Sales Representative.

Thank you for your continued support of Norton Door Controls.
