

Top 5 Reasons to Electrify Cylindrical/Tubular Locksets with Securiton UnLatch® Electric Strikes

The logo for Access Hardware Supply (AHS) is displayed in a stylized font within a grey rectangular box. The letters 'AHS' are in red with a white outline. To the left of the main text area, there is a vertical orange bar with several overlapping colored squares (green, blue, red, green, tan, orange) and a red vertical bar at the bottom.

UnLatch Electric Strikes are:

1. Grade 1 door hardware
2. A “no-cut” solution that fit standard ANSI 4-7/8" strike cutouts
3. Motorized to overcome preload conditions – no solenoids
4. Equipped with monitoring features right out-of-the-box
5. Covered by a lifetime warranty

It's hard to argue with those numbers.

For more good reasons or other information about UnLatch Electric Strikes from Securiton, call Access Hardware Supply at 800.348.2263, or visit www.accesshardware.com. Access Hardware Supply makes access control easy with spot-on customer service, proven product knowledge and field-experienced salespeople.
